CPS Instructional Core

To **educate for equity**, the CPS Instructional Core centers on **identity, community, and relationships**.

Students must experience core instruction that is responsive to and sustaining of who they are and what they bring, and empowers them to connect, to imagine, and to act as ethical, critical actors that shape the world.

To accomplish this vision we must operate with commitment to **Continuous Learning** to improve our ability to enact this vision, and to continuously strengthen our shared vision.

"FOSTERING THE LOVE OF LEARNING"

RAY VISION

Every Chicago Public Schools student in every neighborhood will be engaged in a rigorous, well-rounded program and will graduate prepared for success in college, career and life.

RAY MISSION

The mission of Ray School is to provide a rich academic experience for our culturally, racially, and socio-economically diverse student body. Teachers and staff work collaboratively with parents to instill in our students a life-long love of learning.

Attendance

From the CPS Final Reopening

Framework 2020: Student attendance
will be taken daily.

Grades

From the CPS Final Reopening Framework

2020: Return to regular grading practices, as the district will ensure all students have the tools they need to succeed.

A	90% - 100%
B	80% - 89%
C	70% - 79%
D	60% - 69%
F	0% - 59%

Learning Spaces

Learning Spaces

Please if possible create an effective remote learning place for our students

- Designate a study space. Ideally, a desk. If not, a table.
NOT THE BED
- The first step in creating an effective space for remote learning is to find a place that you can dedicate specifically to your child's school activities.
- Please Limit distractions.
- Be on-camera as much as possible.
- Please have your child dress appropriately. Routinely, get up and get dressed for school. They are eventually returning to school :)
- Establish a routine, and stick with it.

Office Hours

Office will be from 1:30 to 2:30 p.m. each attendance day. Teachers will use this time to support student asynchronous learning. This might be through chats, posting helpful videos, calling parents, working with small groups on Google Meet, etc.

STUDENTS SHOULD SCHEDULE A TIME in advance to guarantee we will be able to help the day they need it. We will contact students via Google Hangout in their email window at the scheduled time.
